

23rd to 26th September 2010 - Presented by Sludge Products

2010 Route - Stages 2 & 3

Stage 2 Profile – Total climbing 469m

Stage 3 Profile – Total climbing 725m

2010 Routes

348 kms of route with plenty of Northern Cape single track awaits you. The route has now been finalised and some challenging but exciting riding awaits you. Once again just a reminder that we have not had rain for a few months and some areas are a bit rough (corrugations) so if you have a full suspension, use it.

I must also warn you that there is a section of sand on day 3 that “skriks for niks” but the downhill on the other end makes up for it.

2010 Photographs

You will receive two photographs in the post immediately after the event. The photographer wishes to edit and make sure all photos are perfect before printing.

So no printing will take place at the event as indicated earlier. More photos will be available for purchase directly from the photographer. You will receive an order form with your photos with all the details on it.

Masseurs

We have arranged masseurs for the event, details will follow.

SPONSORS

Please contact me if you wish to get involved at john@mtb-challenge.co.za

All riders will receive details of accommodation and what to bring next week Friday

LINEBREAK True Compression & Thermoregulatory Sportswear

Linebreak has come aboard as our true compression garment supplier for 2011, which means in 2011 you will receive a LINEBRAK compression long leg pant in your goody bag valued at R700. For the 2010 race they will be sponsoring the Mixed Category cash prize as well as supplying some garments for lucky draw prizes.

They are offering all participants a 20% discount on all compression garments for the 2010 event. You can order through me by sending me a mail (they will post for free) or buy at the venue for the duration of the event.

I have used LINEBREAK for 5 years now and can vouch for their efficiency in recovery and core body temperature control.

ACD – Auto Care Diagnostics

Are the official Mens Overall Winners prize sponsor of R10,000

ACD is a national network of independently owned workshops specialising in vehicle maintenance and repairs. They provide the latest in automotive diagnostics solutions thereby catering for the changing needs of vehicle owners. The core offering is to provide professional service and repairs to ALL MAKES and ALL MODELS of passenger and light commercial vehicles.

Thanks Dirk and Zelna for your generosity.
